

We make it EASY to get your boat mattress.

All you need to do is measure the width of the mattress (at the widest point) to determine the size. Then choose your mattress and that's the price. No matter the shape, number of pieces or whether you want a hinge - that is the final price. **Period.**

	SMALL	MEDIUM	LARGE
	Up to 38" (similar to a Twin)	39"-60" (smaller than a Queen)	61" plus (wider than a Queen)
